GO PURPLE

What is #GoPurple?

stem4's #GoPurple initiative encourages you to combine raising money with promoting wellbeing within your own community. How about pairing a purple-themed fundraising activity with a self-run wellbeing event to encourage positive thinking?

How can you #GoPurple?

Here are some ideas to help you get started:

- How many purple items can you wear at the same time?

- Host a purple-themed bake sale.

- Print out some purple characters, write a message on each, and connect these on the walls around the school hall or from classroom to classroom.

We have a wealth of resources to help you along the way. To find out more, or to receive the materials you need to #GoPurple at your school please contact fundraising@stem4.org.uk.
