GO PURPLE

## What is #GoPurple?

stem4's #GoPurple initiative encourages you to raise money for early intervention mental health support for children and young people, while also promoting wellbeing in your community. Pair a purple-themed fundraising activity with a self-led wellbeing event to encourage positive thinking.

## How can you #GoPurple?

Here are some ideas to help you get started:
- How many purple items can you wear at the same time?
- Host a purple-themed bake sale.
- Print out purple characters, write a positive message on each, and display them around your school to spread awareness.

Whatever your fundraising plans, we'd love to hear about them!

Contact us at fundraising@stem4.org.uk to share your ideas or tell us how you're getting involved.
